

ACCESSIBLE TRICK OR TREATING™

Making Halloween Trick-or-Treating Possible for All Children and Adults with Disabilities

We are excited to announce that Treat Accessibly will be back for 2021! Treat Accessibly is a movement to make trick or treating possible for all children and adults, by removing barriers that make getting candy difficult for those with accessibility challenges (e.g. staircases, steep or long driveways, crowded front entrances, or narrow pathways).

When a homeowner puts the Treat Accessibly sign on their lawn, they are making a commitment to ensure their property is accessible to everybody on Halloween. As a RE/MAX Agent, we encourage you to share these signs with your clients and community so they can place the signs on their front lawns in the weeks leading up to Halloween. This is an excellent reason to engage with your contacts, in addition to an important step toward building an inclusive community.

HOW & WHERE TO ORDER YOUR TREAT ACCESSIBLY SIGNS

Each RE/MAX main office in New England and the Midwest will receive a small shipment of Accessible Trick or Treating lawn signs. Additional signs will be available to purchase through a portal, starting on September 1, 2021.
